

Jason Lu
Columbia, SC
jl220@email.sc.edu

Education

University of South Carolina – Columbia, SC

Bachelor in Computer Science

Expected Graduation: May 2029

Relevant Coursework: Algorithmic Design I (Java)

LIFE Scholarship Recipient

Relevant Experience

Cashier and waiter - Columbia

June 2023 - October 2025

- Strengthened communication and problem solving skills through daily interactions with coworkers
- Communicating with clients to get them what they needed
- Able to lead during times
- Delivered excellent customer service in a fast-paced environment, improving customer satisfaction and retention

Skills

- Knowledge of Java
- Knowledge of Python
- Knowledge of Html and Css
- Chinese
- Basic knowledge of repairing computer
- Proficient in Excel
- Proficient in making Powerpoints

Personal Projects

- Designed and programmed an interactive text-based adventure game using Java
 - Implemented branching logic, user input handling, and storyline scripting to enhance player engagement
 - Demonstrated problem solving and creativity in translating narrative design into functional code
- Developed an interactive Rock Paper Scissors game using Java to demonstrate logic flow and user interaction
 - Implemented randomized computer choices, input validation, and a responsive scoring system
 - Applied fundamental programming principles such as conditionals, loops, and functions to enhance functionality
- Built an interactive number guessing game using Java to reinforce logic, loops, and conditionals
